To all our valued members:

Your Pay Raise is Finally Going Through: Federal employees will finally be receiving their average 1.9 percent pay raise for this year. Generally, the pay raise is retroactively effective beginning with the first pay period in 2019 -- Jan. 6 -- but for the uniformed services, the pay rates are effective Jan. 1, 2019. This EO supersedes EO 13856 issued on Dec. 28, 2018, which had implemented a pay freeze.

Mikulka Retires: Today is my last day at EPA and as President, AFGE Local 704! If you want to stop by, I should be in Room 409 much of the day, cleaning out my office. At about 3 pm, I will turn in my computer and ID, so may not be available after that.

Best wishes to you all.

Mike Mikulka, President
AFGE Local 704
